

Voter Change of Residence

Change of Address Notification

Voters are required to notify the Board of Registrars of their county of residence whenever they move.

Moving Within the County

If you move within the same county in which you are registered to vote and don't notify the registrar at least 30 days prior to an election, you may vote in your old polling place for that election. However, you must still file a notice of your new address.

This can be done by submitting a [new voter registration application \(PDF\)](#) or by writing to the

Ware County Board of Elections and Registration:

408 Tebeau Street
Waycross, GA 31501

Moving Outside the County (Within 30 Days of an Election)

If you move outside the county in which you are registered to vote within 30 days of an election, you will vote in your old precinct for that election.

Moving Outside the County (More than 30 days before an election)

If you move outside the county in which you are registered to vote more than 30 days prior to an election, you must register to vote in your new county of residence. You will not be able to vote in the county of your old residence. You will be assigned a new voting precinct and polling location.

Remember, if you don't register to vote by the deadline, you cannot vote in that particular election.

If you move, there is space provided on the card for your new address and instructions for returning the card. This will update your registration.
